Fabric Selection Tips:

Below are the closest color matches from Kona solids. For ease of selecting colors, consider using "Kona Cotton - Multi Digitally Printe Panel". There are differences between digitally printed and dye lots; please use the color suggestions as suggestions and not gospel. You don't need to rush out a purchase each solid I suggest! I would suggest purchasing the panel, and referring to the colors listed if you are stuck...or use the internet to search for the name and number (example: Kona 196 Blue Jay). Then use your imagination! Select fabrics in your stash! Feel free to change the colors to match your experiences in a park.

In homeopathy, there is a saying, "similimus similimum" - it's the law of similars. The law is not "exactamus exactimum" :) Choose SIMILAR fabrics, not exact fabrics!

Sky: Kona 266
Breeze

Background: Kona
1263 Olive

Goat Main: Kona
275 Sable

Legs & Ear: Kona
1473 Biscuit

Ground: Kona 1162
Honey

Tip: Normally for rear legs (behind what is in the foreground) I use a darker color; I should have done that in this case, and for whatever reason I did not. It still turned out alright :) If you are looking for more exactness, use a darker color for the rear legs.

My block for inspiration.

Creativity Declaration: I am a creative person! I have more creativity than I know what to do with! I separate myself from the lies of "I can't" that my mind has believed in the past!
