Makes 1 13.5 x 4.5" and 1 4.5" block

Fabric Selection Tips:

Below are the closest color matches from Kona solids. For ease of selecting colors, consider using "Kona Cotton - Multi Digitally Printe Panel". There are differences between digitally printed and dye lots; please use the color suggestions as suggestions and not gospel. You don't need to rush out a purchase each solid I suggest! I would suggest purchasing the panel, and referring to the colors listed if you are stuck...or use the internet to search for the name and number (example: Kona 196 Blue Jay). Then use your imagination! Select fabrics in your stash! Feel free to change the colors to match your experiences in a park.

In homeopathy, there is a saying, "similimus similimum" - it's the law of similars. The law is not "exactamus exactimum" :) Choose SIMILAR fabrics, not exact fabrics!

Creativity Declaration: I am a creative person! I have more creativity than I know what to do with! I separate myself from the lies of "I can't" that my mind has believed in the past!

Take your time and slow down with this block. I HIGHLY recommend that if you are using this in conjunction with the original Grand Canyon block that you do the following:

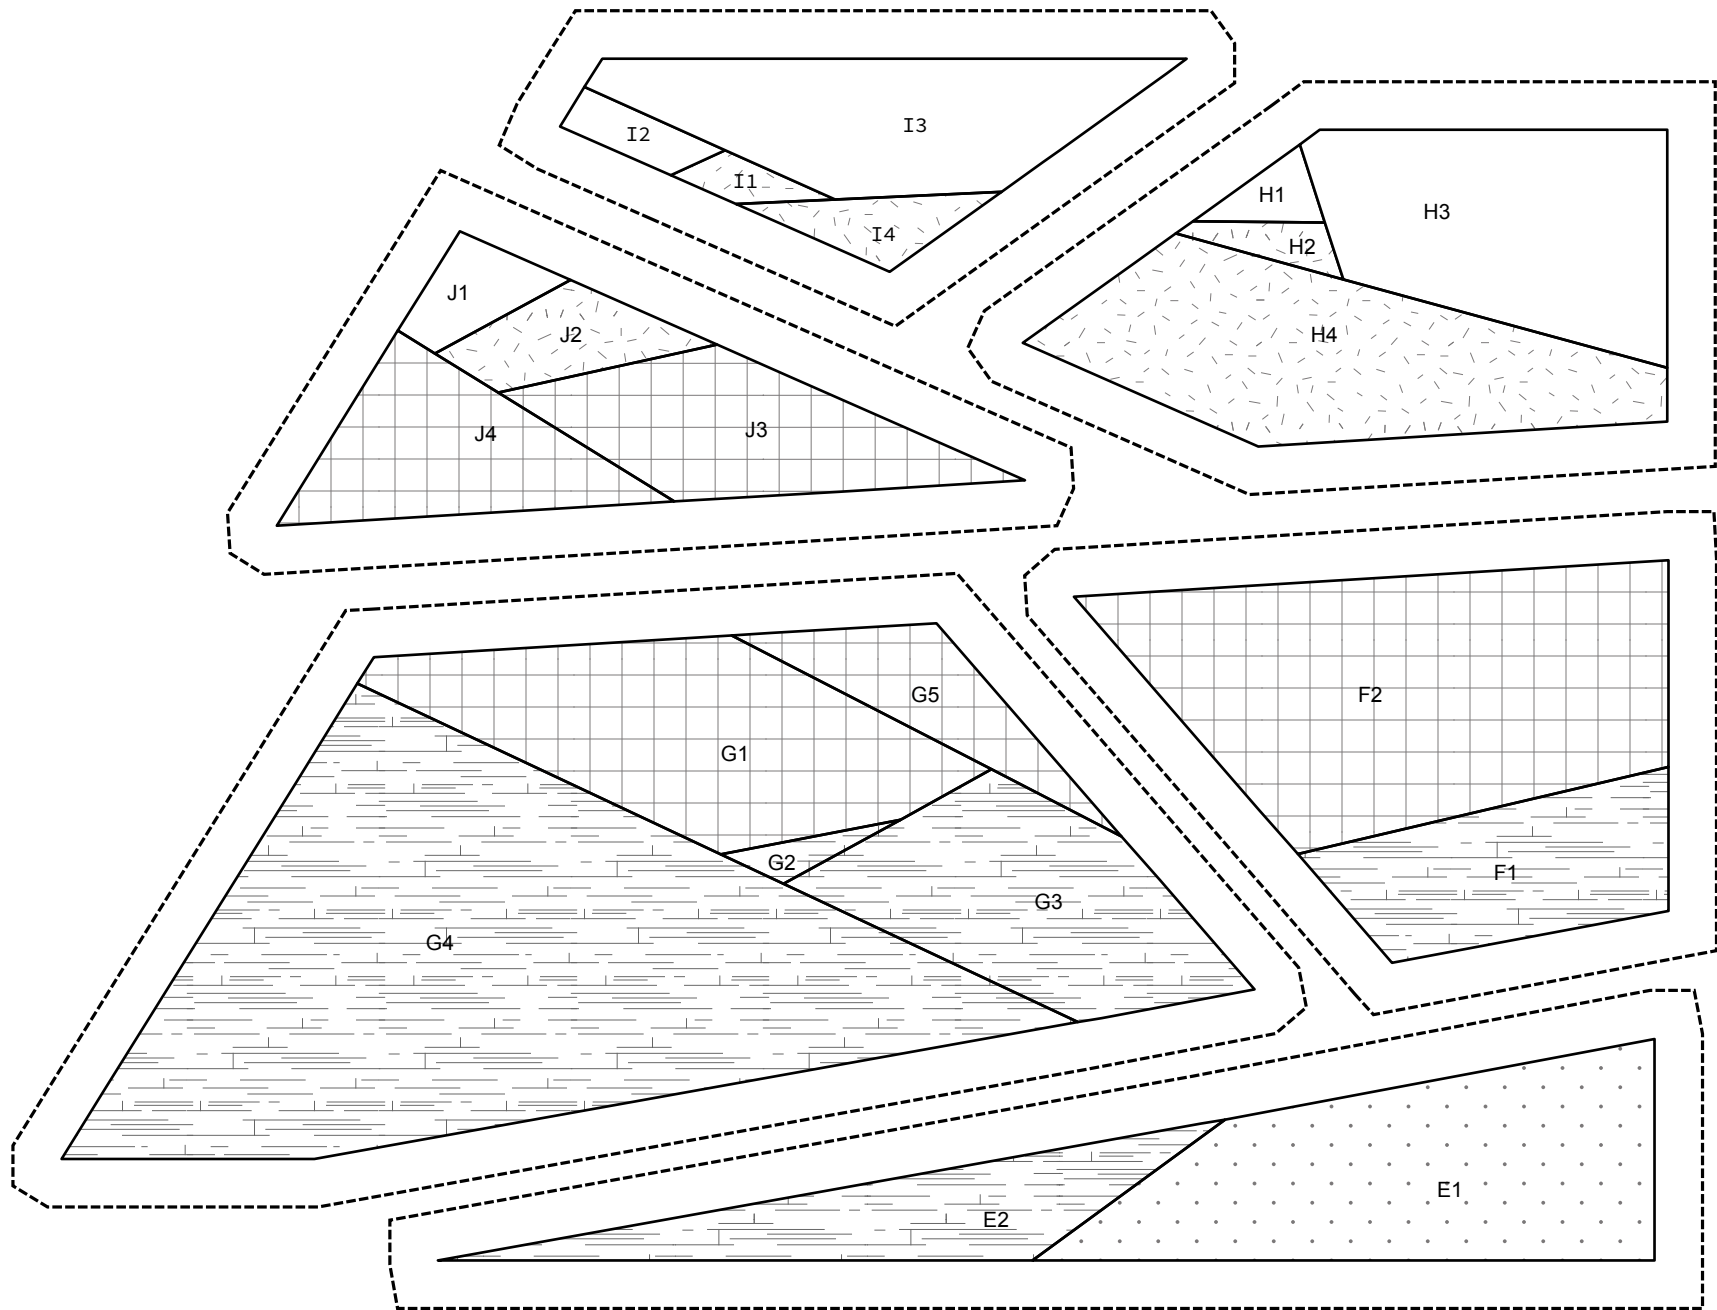

Color in the sections on your layout page AND on your templates (or write the color "tan, purple," etc),

AND take a photo of the fabrics in the arrangement of dark to light.

It may also be helpful to put a swatch of fabric next to the chart below. I would also sew the original GC block, then do this one so you have a good idea of matching color placement.
